In merry old England, pub frequenters had a whistle baked into the rim or handle of their ceramic cups. When they needed a refill, they used the whistle to get some service. Wet your whistle is the phrase inspired by this practice. Now, Friends of Lighthouse Field is whistling up support for a new dog-friendly water fountain at the new restroom facility at Lighthouse Field, including a plaque dedicating the fountain on behalf of Friends of Lighthouse Field for the dog lovers of Santa Cruz and their canine friends.
